NATIONAL BOARD OF ECHOCARDIOGRAPHY

The New Standard in Interventional Echocardiography

Announcing Examination and Certification of Special Competence in Interventional Echocardiography

IEeXAM™

For physicians specializing in interventional echo in the rapidly growing field of structural heart disease

Sign up to receive updates:

Planning to debut in 2028

Ten Reasons to Welcome the NBE IEeXAM™

1. Make expertise visible.
2. Strengthen the physician's negotiating position.
3. Bolster payment advocacy.
4. Help hospitals build structural heart teams.
5. Support clinical trial site selection.
6. Support new device adoption.
7. Establish a shared foundation for procedural care.
8. Give trainees a clearer destination.
9. Advance recognition of the specialty.
10. Create a common language for collaboration.
